

WALT – write psalms about Creation

Seeing God in Creation – Adapted from psalm 8 and
139

When I look at the night sky;

Which you O Lord have created.

Every single star above, set in its own place.

You made the moon for night, the sun for day,

What did you do?

How did you make your own special world?

You're a miracle to me and keep my enemies far,

If they come you will make them go in peace!

O God, I wish you could kill all evil,

They speak wicked against your name;

Please don't let it hurt,

You're God the almighty Father.
